

PRESIDENT'S WEEK IN REVIEW

Week in review for May 7-16, 2007

Not an exact 7 day week, but how else do you say it ?

We had a very busy week last week with the New member Orientation breakfast at the citrus club last Tuesday morning. Met about 10 new people, surprising some of them have been in facilities a long time and not heard much about IFMA. Also some new people just getting started who are really excited about getting Certified and getting paid !

Then Thursday it was the monthly board of directors meeting. We had so much to get through we ran out of time, but started and stopped on time. We had a couple guests from the membership committee that offered some feedback on programs and speaker selection.

Friday was the deadline for the 8 of us participating in the strategic planning session this Friday to get our worksheets back in... remarkably we got them all completed, compiled, and send off to IFMA National by Monday (evening).

And we received the results of the chapter survey, which 38 of you were kind enough to fill out. I printed out the comments and looked at every one... the only one that troubled me a bit was the one that said we send out too many emails !

Very excited about the planning session Friday, IFMA National is sending Barbara Zlatnik in to lead us in a session when we talk about the next 5 years for IFMA Orlando ! So, if you provided input, thanks and we will be having your thoughts in front of us ! If you weren't able to participate this time, there are many ways to communicate if you think something is good, bad, or whatever, let someone know, it's all we have to go by !

I met with the website administrator last week, and we're working on getting updates more frequently, for example I'll have a place on the front page for weekly updates ! Looking at how to do a few other things like sponsor web banners, keeping a more current calendar arrangement, speeding up document opening, etc.

Now, back to my day job... see you next week !
